LGBTQ+ and Other Diverse Children's Book Boxes

Who Our Children Meet In Their Books Matters

OurShelves has a dual mission:

- 1) We connect curated, high-quality LGBTQ+ and other diverse children's books to the busy families, teachers and librarians seeking them; and
- 2) We advocate for the many more LGBTQ+ and other diverse children's books still needed, in part by proving the significant, though currently underestimated, audience for such books.
